Gather pinecones, rocks, acorns, leaves and sticks. Then fill a large bowl of water. Predict which item will sink or float when you put it in the water.</p> |
| <p>9</p> <p>A visit to your local grocery store can be very educational. Browse the store and show your child different colored pumpkins, corn on the cob, and squash.</p>                             | <p>10</p> <p>Collect leaves of different shapes and colors. Then glue them to a piece of paper to create a leaf collage.</p>  | <p>11</p> <p>Fill a large bowl with water. Then add apples. Allow your child to wash the apples with a washcloth or a small brush.</p>   | <p>12</p> <p>Allow your child pick out his or her favorite book, then read the book. Point to and identify different colors and shapes in the story</p>  | <p>13</p> <p>While outside, draw lines on the ground using sidewalk chalk. Show your child how to jump over the line, then allow him or her a turn to jump over the line.</p>                          |
| <p>16</p> <p>Gather beans, rice, corn, kernels, and acorns. Put them into an empty water bottle, secure the top, and let your child shake them all together.</p>                                       | <p>17</p> <p>While outside, gather a pile of leaves and take your child's shoes off. Then encourage them to listen to the sound of leaves crunching under their feet.</p>   | <p>18</p> <p>Allow your child to scribble using paper and crayons, pencil or marker, while sitting at the table.</p>   | <p>19</p> <p>Have an outside picnic! Put a blanket on the ground outside and bring out your child's favorite snack. Talk about the sounds that you hear, the colored leaves, and the cool crisp air.</p> | <p>20</p> <p>Make reading a nightly bedtime routine. Allow your child to find his/her favorite book and read to them before bed.</p>   |
| <p>23</p> <p>Go Fall peeping! Take your little one out for a walk and enjoy all the colors, shapes and smells of fall.</p>   | <p>24</p> <p>Make Fall Soup! Get two pails, one empty and one with some water. Encourage your child to hunt for ingredients for their soup (leaves and dead plant material, maybe some dirt, rocks, pinecones.) Maybe they'll even find a stick to stir and mix their soup.</p> | <p>25</p> <p>The playground is always fun. Put him or her on the swings and/or take a ride down the slide together. A game of tag will also be fun!</p>  | <p>26</p> <p>Enjoy a meal together as a family. Talk about the food that you are eating and identify the fruit, vegetable, meat, bread and drink.</p>  | <p>27</p> <p>Hearing new words and seeing colorful pictures will stimulate your child's brain, read a book to your child, while pointing to the words and pictures in the book.</p>                    |
| <p>30</p>  |   |  |  |  |
